Instructions:

The Nomination Profile will appear as it is submitted by the nominee for election. No photographs will be included. Please limit your profile to 300 words. Please submit your profile on a separate page.

Some guiding questions for your profile:

- 2) Reasons for wishing to be elected to the Board.
- 3) Vision for the Board and the College in upholding professional standards and quality assurance in the public interest.

Sample profile:

With over twelve years of experience as an optician, I believe I would bring my dedication to opticianry and my understanding of the profession to the Board so that we can continue to maintain high standards and to make sure that quality assurance for the public is the College's top priority. In my career, I have experience as both the owner of an optical dispensary and a staff member in a medical clinic. Like other health professions, opticianry has gone through changes in technology and practice. The College's role in protecting the public does not change, but it actively responds to new challenges to the profession. The Board sets the direction for the College, and I want to contribute my energy and experience to the Board. My time on the College's Quality Assurance committee in 2004-2006 taught me to work cooperatively with other committee members and to discuss issues in a constructive way, so that we all work towards a common goal. I am most interested in setting the College in the right direction to meet the upcoming vision needs for the public. I believe in renewing interest among opticians to increase their knowledge and services in vision screening, low vision aids, rehabilitative procedures and automated refraction. Opticians hold an important position in vision care, and I am proud to uphold the public's trust that we are well regulated, highly trained and maintain high standards to best help people to see better.
